You'll be able to:

- select your skill level;
- choose the number of questions and manage the length of your test during each session;
- choose from a full exam that mirrors the content break down of our current test or from six specialized areas;
- choose specific subjects and focus on single body systems or subjects taught within the core curriculum.

Immediate online feedback to identify and strengthen areas of weakness prior the exam.

You'll know how you're doing throughout the experience with feedback, immediately upon completion, of each exam. Simply review your answers once you complete an exam and shore up the knowledge you need—all within the same study tool / practice exam. There's no better way to prep for success!

What Others are Saying

"I purchased the online practice exam the day before I had to take my National Test. I stayed up all night studying and I have to tell you that because of the practice exam, it made taking the exam so much easier."

- Stacy H

"The online practice exam was a very helpful tool in preparing me to take my exam."

- Briandi F

"This valuable tool helped me pass the exam on my first try."

- Robert H

"The NCE online exam prep is fantastic! For a month or two prior to the exam, I used it daily to drill and prepare for the NCE. It's easy to use, and helped increase my confidence going into the exam. The learning tools that are built in helped me in areas where I needed extra help. I strongly recommend the NCE online exam prep for any massage therapy student preparing for a certification exam. I passed! Thank you!"
