History and Ownership

The Founders of Renaissance College-Massage Program, the late George C. and Diana Young, both Licensed Massage Therapists, felt a need to establish a school where they could share their passion for the healing arts of Therapeutic Massage and Integrative Craniosacral work.

They realized that for individuals to do more than exist, they must first begin to heal. Healing begins as an inward rebirth that grows and expands outward, opening new horizons and eventually encompassing everything and everyone around us. It is a powerful motivating force, a universal healing force that nurtures the entire human race. Their desire to reach as many individuals as possible resulted in the opening of Renaissance School of Therapeutic Massage in February of 2001.

The school became registered with the State of Utah under the Utah Postsecondary Proprietary School Act (Title 13, Chapter 24, Utah Code) on July 14, 2014. As of October 14, 2021 the corporate officers and Board of Directors are as stated: Diana Young – CEO, Kim Crane CFO. We are now building off the program that Diana & George Young have designed. The curriculum of Renaissance was created so that graduating students who have applied themselves to this program of study will have the skills necessary to sit for the State Certification Exam and be eligible to complete their licensing application.

Standards of Satisfactory Progress

Regulations require Renaissance to monitor the academic progress of all students toward the completion of their program. This monitoring process is called **Satisfactory Academic Progress (SAP)**. SAP is evaluated using three factors: cumulative grade point average, percentage of attempted hours completed, and the percentage of maximum eligibility in which a student must complete their program.

A. MINIMUM SAP REQUIREMENTS

1. Cumulative Grade Point Average (CGPA): Maintain a 2.0 CGPA

2. Cumulative Completion Rate (CCR%): Complete and pass a minimum of 100% of the cumulative hours attempted which is calculated as follows:
 - A. all successfully completed hours
 - B. all made up hours
3. A student becomes delinquent more than 45 days late on their financial agreement.
4. Maximum Time Frame (MTF) limit: Complete all program requirements within 150% of the minimum number of clock hours required to graduate (6 quarters for a full time student and 15 quarters for a part time student).
Definitions: Students who withdraw from a course or the program will receive a grade of “W” (which has no impact on the GPA). The hours for the course are counted as attempted but not achieved. Students who fail to meet the 2.0 requirement for passing the course will receive an incomplete and will be required to repeat the course for a fee of \$200.00. If a student fails a course three times, he/she will not receive hours for that course, which affects graduation. The lowest grade will be dropped, and the highest grade will be used to calculate the GPA. Repeated courses are counted against the required completion time frame.

B. PROBATION

- A student may be placed on probation if:
1. A student has missed more than 3 classes in each course.
 2. A student fails to maintain the required minimum CGPA of 2.0
 3. A student becomes delinquent for more than 45 days on their financial agreement.

4. A student has 2 consecutive terms with less than 100% attendance.

The length of the probation is:

- Until the days missed have been made up or the class has been retaken.
- One quarter to determine new CGPA.
- Until balance due has been brought current.
- 100% make-up has been turned in with complete make-up forms.

The student will be suspended if probation requirements have not been met during the probationary time.

C. MONITORING

Academic progress is checked at the end of each quarter. In order to maintain eligibility to stay in school, students must meet the minimum CGPA and CCR requirements specified above in items 1 and 2. Students will be notified in writing within 2 weeks after the end of each quarter if they do not meet the minimum requirements specified above.

D. APPEAL PROCESS

Students who have been placed on warning, suspension, or have exceeded the 150% MTF limit may file an appeal if they have extenuating circumstances. Students must submit the following documentation within 14 days of notification:

- A letter of explanation
- Third party documentation supporting the reason for your appeal

The documentation will be reviewed, and students will receive written notification of the result of their appeal within 14 days from submission of their documentation. If the appeal is granted, the student will be able to receive money for the quarter(s)

listed in the notification. All results are final.

E. TRANSFER STUDENTS

The grades and hours from all courses accepted toward the completion of a student's program will be included in the CGPA and CCR calculations (not to exceed 150 hours). School Transcript must be submitted to accept transfer hours. If a student has taken the State Exam and passed, needs to become licensed in Utah; all hours from the previous school will be approved towards the 600 hours required at Renaissance for graduation.

W	Withdrawal		

(Anything below a "C-" grade requires a re-take of the course at a price of \$200.00 per course.)

Assignment & exams must be passed with 70% or 2.0 competency. To achieve a 70% or 2.0 pass rate, instructors in these courses will allow for exam retakes anytime within a two-week period, (three-week maximum period with prior instructor approval) of the original exam date. If a student is absent on the day of the exam, the student must decide with the instructor to make up the exam before the next class time. A test score lower than 70% can be retaken.

If a student successfully completes a course and desires to repeat the course, he/she may do so for a fee of \$100.00.

MISSED ASSIGNMENTS

Students, at the discretion of the instructor, may make up missed assignments, course material, and practical work missed during their absence. Make up work must be completed within two weeks of the original due date.

Attendance Policy

Attendance is monitored daily, and **students are required to maintain an attendance rate of 100%**. Days may be made up to maintain attendance by doing extra work assigned by the instructor. Missed classes may be made up by attending the same class in the evening if you are a morning student, or in the morning if you are an evening student. In the event a regularly scheduled course time falls on a holiday, the school will be closed, and we will not hold school. Holidays are: New Years, Martin Luther Day, Presidents Day, Memorial Day, Juneteenth Independence Day, Independence Day, Pioneer Day, Labor Day, Indigenous Peoples Day, Thanksgiving Weekend, Christmas (Until January). Constitution Day is on school September 17th and will be celebrated during the week when class is in session. These holiday hours are not counted against the 100% attendance but are excused absences. The course time may be rescheduled at the discretion of the instructor, depending on the needs of the course. Make up for the absence may be made in any of the following three ways:

1. Extra Assignment given by instructor.

2. Hands-on for missed modality and client signature.
3. Tutoring with a \$30.00 fee

Renaissance reserves the right to replace in-class hours with external and internal practical experiences, such as cadaver lab, chair massages, onsite guest speakers, etc. Students may access their attendance records anytime by requesting records from their current instructors or from the office. Any student that fails to meet the minimum attendance rate of 100% will be notified by the instructor and could be placed on probation for the following quarter. If you are on probation and the terms are not met for the quarter then steps may be taken for suspension. Students will be suspended if their attendance is below 100% for two consecutive quarters.

Full time is considered as following:

- 1st quarter: 12 to 20 hours per week
- 2nd quarter: 12 to 20 hours per week
- 3rd quarter: 12 to 20 hours per week

TARDINESS

Classes begin promptly at the time scheduled Five minutes after the hour. Any student arriving later than 15 minutes after the class has started, will be marked tardy. Three tardies are equal to one absence.

1. Concerning health condition of the student
2. Care of an immediate family member with a serious health condition

5. Jury duty

6. Armed Forces (Leave of Absence will be until tour is completed)

Only two leaves of absence will be allowed during a student's enrollment, not to exceed 180 days in any 12-month period, except for military leave; in which case they are extended without penalty until their tour is completed. Leave of absence will not affect the Standards of Satisfactory Progress or additional financial charges. The student is required to complete a leave of absence form provided at the office, signed and dated, with a written explanation for the request before the leave of absence starts. If circumstances prevent a student from providing a prior written request, Renaissance may grant the student's request for a leave of absence so long as it is documented and the school collects the written request at a later date. The student should also have an exit interview with the Director. The time missed from school *will be counted against* the student's original required completion timeframe. This may affect the student's graduation date if the leave of absence is over a period of time that is long enough to require make up work going into the following term. It could also affect the students on Financial Aid loan repayment terms, including the exhaustion of some or all of the student's grace period. Students will be required to return monies to the funds.

The student is required to resume classes on their agreed return date. If a student is not able to do so, they are required to submit an extension request. If the student fails to resume classes and have not applied for an extension, Renaissance will consider the student withdrawn from the program.

Renaissance will be required to submit their termination date as the date that the student was scheduled to return from their leave and failed to do so. The terminated student will be responsible to pay any costs to

Renaissance.

WITHDRAWAL

If a student finds that he/she is unable to complete the massage program and is not eligible for a leave of absence as previously outlined, the student is required to officially withdraw from the program.

To officially withdraw from Renaissance College, a student must ***complete a withdrawal request form*** provided at the office and have ***an exit interview with the director***. A student who properly withdraws from the program is eligible for a refund (if applicable) and re-enrollment at Renaissance. If returning later the student must return at the same level of satisfactory progress, she/he held prior to the interruption. **A properly completed withdrawal does not affect the required completion time frame.** The student will also be eligible to obtain copies of his/her transcripts for application for another educational institution.

If the withdrawing student does *not* follow these procedures, the Renaissance College will consider withdrawal to have occurred no later than fourteen consecutive days after the last date of academically related activity, which may include lecture, hands-on practice, or examinations. Student will be financially responsible for the fourteen consecutive days missed if a proper withdrawal form is not completed. A student may email a withdrawal form to the College. This form needs an official signature and date of withdrawal.

If a student was not current in their financial agreement with the College at the time of their unofficial withdrawal 14 days after last class, they will not have access to their transcripts until they bring their financial agreement current.

Renaissance also reserves the right to collect any funds owed to the school, including all court costs and fees.

RE-ENROLLMENT

Re-enrollment of student will be required to occur within three years of the withdrawal date for hours from previously completed courses to be granted. If re-enrollment exceeds the three-year grace period, then all hours previously earned are lost and the student must meet the graduation requirements of the current program catalog at the time of re-enrollment.

Re-enrollment for any student who has previously withdrawn from our institution must be approved by the Administration before the re-enrollment process may begin. Upon review of student's academic performance and attendance records, the Administration will meet with the student and determine the best course of action that will enable the student to successfully complete his/her educational experience here at Renaissance. Courses previously completed at Renaissance will be accepted as clock hours towards graduation under the following conditions: all course work and attendance must have been completed in a satisfactory manner, with an academic grade of "C" or better, 100 % attendance with all attendance make-up work handed in to the office.

Required tuition and fees will be determined for courses that need to be completed as stated in the current course catalog. Tuition credit will equal the amount retained by the school in the previous withdrawal. Any monies previously refunded will not be applied toward current tuition credit. A re-enrollment agreement must be signed and dated upon re-entry into Renaissance.

Any student who has served in uniformed services shall not be denied re-admission if

the following requirements have been met:

1. Advanced written or verbal notice
2. Cumulative absence does not exceed five years.
3. Give notification to re-enroll within three years of service period, or within 2 years after convalescing from military-related illness or injury.

Graduation Requirements

The Renaissance curriculum has been designed to allow a full-time student to complete the massage therapy program in as little as 30 weeks, or 7 months. If a student fails to complete the program within 150% or 6 quarters, the student will not receive a Certificate of Graduation from Renaissance, which means the student cannot sit for the State Exam and cannot be eligible to receive a license to practice massage therapy.

The maximum time frame allowable for completion of the program for a full-time student is 60 weeks, or six *consecutive* 10-week sessions. A student registered full time must maintain *a minimum* of ten credits or more per session.

A part-time student constitutes 2-5 courses per quarter. The maximum time frame allowable for a part time student to complete the program is 15 quarters. Students that take individual courses as Continuing Education can transfer at any time to the full-time or part-time massage therapy program. At that time, the completion timeframe goes into effect and is based on 150% of the *remaining* hours/quarters required to graduate.

A student who does *not complete the program within the required time frame* will not be eligible to receive their

certificate of graduation or their transcripts necessary to register for the State Certification Examination. Extenuating circumstances will be reviewed by Administration.

To graduate from Renaissance College a student must:

- Successfully complete the massage program with the minimum satisfactory GPA of 2.0 or a C grade average
- Maintain minimum attendance of 100%. Make-up work required for hours missed
- Pass the comprehensive final exam with a minimum score of 70%

A student not completing all clinic hours by the time of graduation will be required to pay \$200. The date on the certificate of graduation will be the date of the last massage completed.

Upon successful completion of the Massage Therapy Program a Certificate of Graduation will be awarded for Renaissance College-Massage Program. Two copies of their official student transcript and two additional copies of their Certificate of Graduation will be provided to graduates, free of charge for licensing purposes. Additional copies will be provided for \$5.00 each. The first transcript is free to students transferring to another school.

Withholding transcripts and diplomas

Transcripts and diplomas will not be issued for students who have any outstanding account balances. Any monies owing from supplies, books or tuition must be satisfied.

Graduating with Honors

The following are awarded to those students who qualify by maintaining:

Outstanding Academic Achievement: a GPA of 3.8 - 4.0 in all course work.

Perfect Attendance: students who have never been absent, tardy or left early from any class.

and monies refunded. Evidence of personal appearance at the institution or receipt of a written statement of withdrawal for delivery by mail or other means shall be deemed as meeting the terms of the cooling-off period. Renaissance is entitled to retain the \$100 registration fee.

Student Guidelines

The following information outlines what is expected of our students regarding their conduct while at our school. Renaissance is a safe and nurturing place for students, instructors, and staff. The

instructors at Renaissance are professionals who take time out of their busy schedules to work with our students. Be prepared for class with materials for that course.

Required books must be purchased and brought to the first class of the course.

Appreciate your instructors by being on time, giving them your full attention, and by being alert, awake, and aware. Don't let "already knowing" get in the way of your learning process.

Recognize that you are acquiring courses to learn a profession that will support you for the rest of your life. You must be in class fully alert and aware in order to learn the material. For lecture courses, you must be sitting in a chair at a lecture table or desk. Hands-on courses require full participation. You will be learning theory, methods, and hands-on techniques presented by instructors who practice what they teach.

You as a student must practice what you learn in class each week in order to gain full benefit of the information and techniques. Practice forms are located at the front desk and on your google.com accounts that contain all syllabus of hands-on courses. Each week the student will be required to practice on two people the techniques learned in class that week. These forms are handed in the following week and then returned at the end of each quarter.

We at Renaissance recognize that our students have many life demands (families, work, and so forth) to balance and the challenge of learning a new profession can be an enormous undertaking. We invite our students to recognize that although intense, the program is designed to be of short duration (less than a year). While here, there is great value in making this intensive educational experience a priority. We also invite our students to be aware that in order to assimilate all that is required of them; they need to make time necessary for personal study.

Students will receive a student handbook, and class schedule for the first quarter on the date of their orientation. This is held on the Thursday before the quarter begins at 5:00 p.m. The orientation lasts one hour; we encourage all to attend.

Classroom Protocol

Our classrooms are used for lecture, hands-on learning, and at times for student clinic massage. It is important that each time a classroom is used that it be restored to neutral, that is, all equipment used, be returned to its place.

Wash off massage tables and headrests at the end of the hands-on course period or student clinic. Use the disinfectant wipes provided in the classroom. Make sure all lotions and oils are returned to the storage cabinet. If you are the last to use the room, please turn off all lights.

Conflict of Interest

No advertising or marketing in school or during class time. The classroom is not a marketplace for students' goods and services. Only practice the hands-on techniques that have been presented in Renaissance courses. Do not use other hands-on techniques that you have learned outside Renaissance.

Guest and Phone Policy

Students are not permitted to bring guests to class without prior permission granted by the instructor.

There is a courtesy phone available to students in the office. Calls are to be limited to three minutes only. Students are not to answer incoming calls. If another call comes while student is on the phone, student must give phone to staff or secretary to answer call. **Students are required to keep cellular phones turned off during class time.**

Food Policy

Open containers are not allowed in classrooms. Food items can be in the classroom, but eating **is prohibited during class time**. A picnic table is provided for eating during class times breaks, and in the break between classes. We always encourage the students to have water with them . Clean up of the area after eating is required.

Laws Relating to Students

The Utah Anti-discrimination Act, along with various other statutes, constitutional provisions, and common law causes of action, prohibit sexual harassment

and unprofessional conduct. It is our policy to enforce these laws to their fullest extent with regard to our faculty, staff and students.

Students who believe they have been sexually harassed should report the matter to their instructor or a member of the administration. Anyone found guilty of this behavior will be expelled from the program and subject to State and local laws. All students seeking a state license to practice as a Massage Therapist need to become familiar with the Utah Division of Occupational and Professional Licensing Act, Title 58, Chapter 1, Part 5. (This Act will be taught in our Business course). Students will be held responsible for the information contained in the portion titled, "Unlawful/Unprofessional Conduct." Students may be expelled immediately if school administrators determine that they were involved in "unlawful" or "unprofessional" conduct in accordance with Title 58, Chapter 1, Part 5.

1. A student has missed more than 3 classes.
2. A student fails to maintain the required minimum CGPA 2.0
3. A student becomes delinquent more than 45 days late on their financial agreement.

The length of the probation is:

1. Until the days missed have been made up or the class has been retaken.

If a student is found charging for massage/bodywork before being licensed, this is illegal and grounds for suspension from our school.

Policy on Expelled or Termination

Students found in violation of school policies described in the Student Guidelines section of this catalog may be **expelled or termination**. Explanation of policy: Renaissance has the right to EXPEL any student for any of the following:

- Cheating, stealing, or vandalizing.
- Failure to comply with the school drug policy.
- Failure to comply with the school's behavioral code.

- Failure to comply with no money exchanged for body work.

The Student's file is placed in an inactive status and student is not permitted into the school for any reason without prior authorization from the administrator.

Student Appeals Policy

All students have the right to appeal a decision made by the Administration regarding their termination. In the event the student exercises their right to appeal, the student's file becomes the responsibility of an Appeals Body comprised of one faculty member and two members of the Advisory board. The student remains in an active status while his/her appeal is pending. *The student has the burden of demonstrating on appeal that the Administration's decision was erroneous.*

The Appeals Body has no authority concerning the reasonableness of the action regarding the student. It can only affirm the prior decision of the Administration or remand the case to the Administration for further consideration. The Appeals Body may make recommendations to the Administration in its report to the Administration. It cannot overturn the prior decision of the Administration.

In the event the Administration has determined the student will be expelled, the following steps are taken:

- a. **Notification.** The Administration will send to the student, within 15 days following its action, its *written* findings and reasons forming the basis for its action (probation or expulsion). If Students wish to appeal the negative determination of satisfactory progress, they should refer to the appeals process.

b. Request for Appeal and Written Grounds for Appeal. The student may appeal the action of the Administration by submitting a written appeal request to the Administration within ten (10) calendar days of receipt of the statement of findings and reasons. *The student must file a complete written statement of the grounds for its appeal based on the Administrations findings and reasons, within 21 calendar days after receipt of the action.*

c. Appeals Panel Selection; Processing the Appeal. The three-member Appeals Panel shall consist of two members of the Advisory Board and one member of the Renaissance instructing staff. The Appeals panel shall be randomly drawn from the members of the Advisory Board and Renaissance instructing staff.

d. Logistical Procedures. The Administration shall forward the file of materials to each member of the Appeals Panel. The file will include the student's written grounds for appeal and the material upon which the Administration based its decision for expulsion. The Administration will establish a date for the appeal at the earliest practical time.

e. Hearing of the Appeal. The Appeals Body will meet at a time and place selected to permit the student to make his/her appeal, allowing enough time for presentations, deliberations, and a forwarding of a report to the Administration. The student, at his/her option and expense, has the right to the presence of counsel or other representatives at the hearing.

f. Consideration and Decision of the Appeal.
The consideration of the appeal will be based upon the Administration's written

findings and reasons related to the action, the student's written response detailing grounds for appeal, and relevant supportive documents. Ordinarily, the Appeals Panel may consider only evidence previously submitted to and considered by the Administration. The student may submit evidence not previously considered by the Administration at the time it files material in support of its appeal. Any such new evidence must be identified and must be accompanied by a demonstration that the new evidence relates to:

- Any aspect of the Administration's determination that relied on issues or evidence which the student had not had an opportunity, in advance of the Administration's action, to make his/her position known; or
- Facts which were in existence at the time of the action and were relevant to any basis for the Administration's action but were not presented to the Administration because of mistake or misunderstanding by the student, and which have subsequently come to the attention of the student.

The Appeals Panel will decide whether new evidence submitted should be considered in accordance with the requirements set forth above.

If new evidence is submitted to the Appeals Panel and the Panel determines that such evidence suggests that the Administration's decision should be reconsidered, or if the Appeals Panel otherwise determines that reconsideration is warranted, the Appeals Panel may remand the matter for further Administration consideration and action. (Remember, the Appeals Panel does *not*

have authority to overturn an Administrative decision, they may only recommend the Administration reconsider their decision based on written documentation presented at the appeals hearing.)

g. Administration Receipt of Appeals

Body Decision. The Appeals Panel will submit a written report to the Administration based on its review either supporting the original action or recommending further consideration by the Administration.

h. Administration Consideration The report will then be considered and acted upon by the Administration. One of two possibilities will occur: **1.** The original Administration action that prompted the appeal will be considered effective and final if the Appeals Panel acts to affirm the decision made previously by the Administration **2.** The original Administrative action that prompted the appeal will be reconsidered and reversed by the Administration.

i. Notification. The Administration will provide the student a written decision on the appeal, either executing the original probation/expulsion or reinstating student to full active status

Student Services

Renaissance has a student coordinator that advocates for students to assist them in their educational experience.

Student Grievance

At Renaissance, the concerns of our students are especially important. Students may write their grievances on the forms that they can receive from the front desk. Student can take the written form to the Administration, or, if the student prefers, he/she can take

them to an instructor who would then take the students grievance to the Administration. The Administration has the Advisory Board available for discussion and help in resolving any concerns students may encounter. Our Administration is very accessible, and their concerns are respected and addressed as soon as possible.

Facility and Equipment

The Renaissance College-Massage Program is located off of 5th West in Bountiful. We are just East of I-15 and very accessible to students who may be traveling from nearby communities. Parking is available to the west of our entrance. We are currently able to accommodate 8 students comfortably per class group. We have four massage rooms, three are used as classrooms.

We are looking forward to expanding in the future to meet the demands and needs of our school as it grows. Our equipment consists of massage tables, bolsters, head rests, hip adjusters, pregnancy cushions, spinal touch boards, plumb lines, streaming devices, hot stone heating carts, sanitizing products, etc. for each therapy room. We also have folding tables and chairs for lecture courses, lap tops, white boards, televisions, lockers, individual canvas drawers for personal items, as well as a microwave and small fridge. Microsoft Office, Google Drive, Zoom and Wi-fi are all utilized in each space.

All our facilities are readily accessible for handicapped students.

We also offer our students a resource center containing books that can be checked out, flash cards on bones and muscles, standing skeleton, individual bone parts, and body system parts, a computer, internet, printer and copy machine. Black and white copies may be made for \$.10 cents each. Color copies are \$.50 each. The internet may be used for research only. It is not to be used for accessing personal e-mail or non-school related research. Prices for pages printed from the internet are considered copies and are subject to prices listed above

Student Clinic

Students maintain client records in the student clinic and upon graduation are given all of their “We’d like to Know Forms”, thereby assisting them, if they desire, to build their own practice. 100 hours of clinic internship is required.

Safety Evacuations

Safety evacuation drills will be held once a quarter during class time only, to ensure all new students are aware of the exact process. Instructors will be responsible for taking attendance after the evacuation. Signs of the evacuation plans will be posted in each room. Evacuations will occur out the front door and we will meet across the street in the parking lot, to account for all students. In case of a fire, during student clinic, the therapist is responsible for the safety and evacuation of their client; and this is accomplished by ensuring that they are wrapped in the sheets, and immediately escorted out of the front door to the meeting place across the street.

Tutoring

Our Educational Director coordinates tutoring. The Educational Director tracks student progress when a student has been referred by an instructor for tutoring and recommends a tutor. If instructors, students

and the Director of Education agree that the student requires tutoring, private tutoring is available for \$30.00 an hour. Military students will be tutored free of charge.

Scholarships

Renaissance currently provides scholarships for newly graduating High School students and hardship cases and Military students. Interested individuals should make an appointment for an interview with the Enrollment Director for details.

Placement Services

Renaissance is extremely interested in the successful completion and attaining of career objectives of every student who enrolls in and graduates from our Massage Program. Therefore, Renaissance College provides placement counseling and guidance to graduating students. We are dedicated to preparing graduates who will meet their career objectives in massage therapy, therefore every graduate will be given a copy of his/her clinic client files upon graduation to assist them as they build a private massage therapy practice.

Renaissance encourages students to take the state exam right after graduation to prepare students for immediate employment.

Renaissance is able, through our placement program, to assist and track each of our graduates’ progress. All placements are tracked by the scheduled graduation date, this permits us to look ahead and prepare for the needs of the graduating students and prospective employers. Documentation is required of every graduate for our placement records with information consisting of:

- Name of Student
- Graduation Date
- State Licensing Date
- Employer Name
- Address, Telephone
- Contact Person
- Employment Start Date

▪ Job title and/or description of placement

This information permits us to maintain contact with the graduate and if necessary, to continue assisting them with their massage therapy career. All students may go to www.renaissancecollege.edu and click onto the placement services. Password will be given at graduation in a letter. Renaissance does not guarantee employment.

Course Evaluation

Our students provide input to courses and instructors each session by completing course evaluation forms after each course completion. Forms are anonymous and kept in instructor’s permanent files.

Student Evaluations

Students are interviewed by a member of the Administrative Staff at the end of the second week of class during first quarter and at the end of first and second quarters. Clinic interviews will be held at the end of 2nd quarter and 3rd quarter. Before students graduate, there will be an exit interview. Thirty days after graduation there will be a follow-up interview and school survey for all graduates. The purpose of these interviews is to ensure our students are satisfied and allows the students to express their concerns and have their concerns addressed. Another purpose is to see if students are licensed and employed, or if they need help in becoming licensed or employed.

Suggestions from Students

A suggestion box is in the office for students who wish to make comments regarding any aspect of the school. It is not necessary for students to sign the comment form.

Student Records and Disclosure Procedures

Permanent files are kept for all students. Files contain transcripts and graduation records. Information contained in student files is considered confidential and shall not be released to other individuals or organization unless written consent from the student is obtained. A \$5.00 fee will be charged for additional copies.

The following exceptions for disclosure of records will be allowed. Information can and will be released to the following entities:
